

PRE-AUTHORISATION MEETING FOR A NATIVE TITLE DETERMINATION AGREEMENT

Lama Lama Native Title Group
Cape York United Number 1 Native Title Claim (QUD673/2014)
change of location – meeting relocated to Cairns

Cape York Land Council (CYLC) will hold a pre-authorisation meeting on **Thursday 10 March 2022** now in **Cairns** to discuss the proposed authorisation process for the Lama Lama Native Title Group to authorise the proposed s87A native title agreement for a determination of native title over the undisputed part of the Lama Lama claim area. This is the area generally between Breakfast Creek south-east to the Normanby River (as shown on the map below). CYLC will also provide an update and seek instructions in relation to the inclusion of Frank Port as an apical ancestor in the group description for the Lama Lama Native Title Group.

A determination of native title involves a decision of the Federal Court. Important things about a determination of native title include that the Federal Court determines (1) who holds native title, (2) what the native title rights are, (3) the area to which the native title rights apply after any determination is made, and (4) which corporation will represent the determined native title holders. Following the pre-authorisation meeting on **Thursday 10 March 2022**, the meeting to authorise the s87A native title agreement will be held on **Tuesday 12 April 2022** where the Lama Lama Native Title Group will consider whether to authorise the proposed agreement for a determination of native title in relation to the undisputed part of the Lama Lama claim area. If the Native Title Group decides in the affirmative, the determination will then be sought in the Federal Court. The Court has listed a hearing for a potential consent determination **in the week of 4 July 2022**.
